Admissions Committee
George Brown College
Toronto, ON

Dear Members of the Admissions Committee,

I am pleased to write this letter of recommendation for Henil Patel, who was a student in my Java course during the Fall 2024 semester. Henil has demonstrated a strong grasp of programming concepts, a high degree of initiative, and a genuine passion for learning that makes him an excellent candidate for the Teaching Assistant position at George Brown College.

Throughout the course, Henil consistently displayed his programming acumen and eagerness to assist his peers, often helping them troubleshoot and understand complex topics. His ability to communicate complex information in an accessible and patient manner was particularly notable. Henil also showed impressive problem-solving skills and a deep commitment to his personal and professional development, qualities that I believe will make him an asset to your teaching team.

Henil's proactive approach and his dedication to fostering a supportive learning environment are commendable. I am confident that his enthusiasm for teaching and his solid foundation in Java programming will contribute positively to your academic community.

Please feel free to contact me at hesam.akbari@georgebrown.ca should you require any further information.

Sincerely,

Hesam Akbari

Professor
